

e-Buddies Group Administration

Participating in e-Buddies with your class or group is easy!

The e-Buddies Group Application allows you to quickly and easily sign up a group of participants with an intellectual disability for e-Buddies.

The Group Administration Tool will help you to manage and monitor your group's participation in e-Buddies by giving you access to real-time data regarding their e-Buddies matches.

BENEFITS

-  Easily create a group profile for your school or agency using our online application. It's free!
-  Add participants to your group at any time using a shorter, abbreviated application.
-  View your current roster and check on the status of your participants.
-  Update contact information for your group's participants.
-  Track and review all e-mail exchanges between your participants and their e-Buddies.
-  Notify e-Buddies when your participants will be away.
